## Prefix

The EPBF is a European umbrella organization, which is in charge of all pocket billiard disciplines and types of games that are not to be seen as belonging to snooker games.

The EPBF is therefore expressly in charge of the games:

- American Pool with the disciplines 8-Ball, 9-Ball, Straight-Pool and 10-ball.
- English Pool (Black Ball)
- Pyramid

The EPBF Sports Regulations are ruling the sporting activities for:

- European Championships (EC)
- Continental Events

The Sports Regulations are valid for all NFs that are members of the EPBF and are accepted by them. Only one federation from within one and the same nation can be accepted as a member. Other federations, not belonging to the EPBF, are viewed as outside organizations what pocket billiards within Europe is concerned.

Events or matches between EPBF member organizations and their members/athletes, and outside organizations are not allowed. Exceptions are only possible if based upon an EPBF board decision.

The EPBF is a member of the WPA. This rule is also valid for outside organizations of other federations that are not recognized by the WPA. Hereby the WPA board must accept exceptions to this rule.

The Sports Regulations is in its general part ruling over the framework of the sporting activities of the EPBF and the NFs. The NFs are then determining a sports order for their own sports activities, which is not allowed to include rules that are more restrictive.

In the special part the Sports Regulations is ruling upon details of the sporting activities of the EPBF, and lists all necessary regulations that must be kept in order to ensure proper realization of such.

The Sports Regulations is being prepared, altered and amended by the EPBF Sports Director. Based upon the acceptance of the EPBF board the Sports Regulations as well as eventual changes come into force.

### 1.2 Sports season

The sport season of the EPBF starts January 1 each year and ends on December 31 in the same year. The calendar of events of the NFs is to be adapted to the EPBF Calendar of Events. The EPBF Calendar of Events is being updated the first day of every new month. In order to enable all top athletes participation in the events organized by the EPBF, the NFs are requested to keep such dates free, to avoid collision.

Rescheduling of events already listed in the Calendar of Events releases the NFs from the above responsibility.

### 1.3 Sports Equipment

The sports equipment must meet the specifications listed in the EPBF Specification Catalog, and must be acknowledged by the Sports Director or the appointed representative (See The EPBF Specification Catalog).

### 1.4 Behavior of the Athlete

All athletes that are participating in official events, Euro Tour, European and World Championships, are bound to follow these rules. The athletes (respectively the Team Leader at EC) are themselves responsible for abiding and to be aware of all variants or changes of these regulations, which are being made public during the athlete-/team leader meeting prior the event respectively the EC. The participation at the athlete-/team leader meeting is normally mandatory.

The athletes and the Team leaders are expected to behave in such a fashion at all times, that is to be expected from a professional, and that in no way can be seen as negative towards the EPBF/WPA, their member federations, their athletes, officials, representatives or sponsors. Based upon this, all athletes are to do their best in order to perform in a way that pays the sport of pool the most respect.

A penalty will be imposed upon any athlete that is violating one or more of these rules, or may be disqualified from participation at events organized and/or sanctioned by the EPBF/WPA, limited in time or boundless. Further information is to be found in the Fine & Penalty Catalog.

### 1.5 Advertising

When competing, it is in general, permitted to wear advertising on personal equipment or clothing. The commercial rights rest with the EPBF and may as such be passed on to a local host organizer. An athlete his/her personal advertising is in general permitted, but corresponding contracts are not binding to the EPBF. The right to personal advertisements can therefore be withdrawn only by the EPBF.

### 1.6 Head Referee

On all events organized by the EPBF a certified Head Referee (HR) must be appointed. HR is responsible for all questions about the rules. HR is an assistant to the TL and is helping with the fulfilling of their tasks.

### 1.8 Banning of athletes internationally

For an International ban to be enforced, a member Federation should send all documents, with the reasons, explanations and the banning procedure, to the EPBF. On receipt of this documentation, the EPBF will study the documents and give or revoke the International ban.

### 2.1 Rules of Conduct

The positive image of the EPBF and its events is a valuable asset and is bringing advantages for all athletes and members of the EPBF. Based upon this, it is the duty of each single individual to refrain from unnecessary attacks on sponsors, other athletes, or the EPBF whenever addressing representatives of the media. Responsible explanations of legitimate and unsatisfying conditions are not forbidden, should however not be made in such a fashion that may cause harm to the EPBF, the financial interests of a sponsor, or the overall image of the sport.

### 2.2 Imposing of Penalty

Action is taken against all violations of the rules of conduct as soon as they are being detected. The EPBF is to be informed immediately when an athlete in an event is being offered money or presents. Athletes participating in an event are not allowed to enter into any betting with regards to the outcome of it.

### 2.3 Right to Protest against decision by the referee

All athletes have the right to protest against a decision formed by a referee. Other special directives are to be found in the rules of the various disciplines. A protest is to be handed in immediately following the debated situation and definitely before the next shot has been executed. The referee must suspend the match immediately and inform the TL about the situation. The TL may following the report by the referee decide to also ask for the opinion of one or both athletes. The protest against a decision formed by a referee is to be delivered verbally to the TL, who after having heard both parties will form a decision. The TL also during a match has the right to penalize an athlete even if the acting referee has not reacted.

### 2.4 Right to Protest against decision by the Tournament Leader

A protest against a decision formed by the TL must be in writing and accompanied by a protest fee of EUR 50.00, which is to be delivered immediately and in cash to the EPBF Sports/Youth Director. While this protest will be handled the match remains suspended. Should the protest be approved and the decision by the TL be revoked, the fee will be paid back to the protesting athlete. Should the protest be rejected the fee will be passed on to the EPBF treasury.

### 2.5 Lodging of Protest

When according to the rules a fee must accompany a protest, but no fee is being submitted, the protest will be seen as not correct and will therefore not be accepted as such.

## 2.6 Arbitration

Should during the EC a protest against a decision formed by a referee be delivered in a formally correct way, and then also against the decision formed by the TL, the final decision will be formed by the EPBF Sports Director / EPBF Youth Director or, should he/she not be present, by the official representative of the EPBF. Against the final decision there is no recourse.

The bronze medalist with the better average is seeded 3rd, (in the team competition, 3rd seed will go to the team who lost against the European Champions). Walkovers will be distributed in the flowchart wherever applicable before the draw of that particular discipline.

Before the single elimination format will start, the qualified athletes from the loser's bracket will be drawn against the athletes that are still in the winner's bracket. When performing this draw, an athlete that lost his/her match in the last round of the winner's bracket cannot be drawn against the same opponent again in the first round of the single elimination format.

The official EPBF representative or the TL will fill in the flowchart with seeded athletes, walkovers and perform the draw. Not later than 15 minutes before the actual draw, all athletes must be made aware of this via microphone. The draw for the very first discipline to be played at the EC will be made during the team leader meeting at the end of the accreditation time.

All the other draws will be performed after the accreditation with due notice given.

### 3.11 Final result, Ranking lists and Criteria

The ranking list will be based upon the format. Should two or more athletes lose in the same round, their quota will be used in order to determine their final ranking, and i.e. all won matches will be divided with all lost matches. The athlete with the highest result (quota) will be placed first.

In 14.1 the higher general average (all pocketed balls divided with the amount of innings used, including safety shots) will decide. A walkover will be evaluated as a victory with a secondary evaluation of 0:0.

### 3.12 Accreditation / Early Departure

The closing of the accreditation will be determined according to the schedule and athletes that are arriving after the closing of the official accreditation will forfeit their right to participate at the EC. The EPBF may allow for late arrival based upon special circumstances. Application in writing must be in the hands of the EPBF before the end of the official accreditation time, or must be announced in writing or by phone at least 2 days ahead of the official accreditation time to an EPBF representative at the location of the event. The EPBF representative will decide if such application is to be seen as within reason.

The team leaders announced through the nations will be responsible for the accreditation. All athletes are to be accredited by means of their valid passports/identity card.

Eventual free spots can following the end of the official accreditation time be sold to eligible and interested athletes, but only if they can submit an allowance from their NF to participate at the EC.

## 4.0. Guidelines for Sports Activities at European Championships

### 4.1 Dress Code

The clothing must meet the level of the competition and be in a clean, proper and in good condition. On the polo shirt an emblem in form of the national banner, or the official emblem of the nation or the name of the nation must be displayed.

Athletes may wear a regular collared shirt or polo shirt of any color. Shirt or polo shirt must be tucked in. Black Dress pants that are clean and in good condition are to be used. For women also a black skirt or divided skirt is allowed and shirts must be tucked in.

Shoes must be elegant dress shoes, clean and a dark color and the upper part be made out leather or leather-like material. Sports shoes with a dark top of leather or leather-like material are allowed but are subject to the TL's discretion.

It is not allowed to wear: T-shirts, sneakers, sandals and denim/blue jeans.

In team events all athletes of one and the same team must wear their shirts which are identical both with color and design.

Whenever questioned, the TL will decide about if participation will be allowed. If an athlete is unsure about the legality of his dress code, the athlete should approach the TL before the match and ask whether the dress code is legal. In exceptional circumstances, the TL may permit a athlete to compete in violation of the dress code.

A athlete may be disqualified for dress code violation.

### 4.2 Time limit

In order to better control the schedule of an event each match can be given a certain time limit.

Should after 50% of the announced duration of a match less than 50% of the points has been scored, a shot clock can be implemented, which is under the TL discretion

After enforcing the shot clock the time for each shot is 35 seconds, with a warning after 25 seconds. Each athlete will be allowed one 25-second extension during each rack.

The shot clock will be started when all balls come to rest, including spinning balls. The shot clock will end when the cue tip strikes the cue ball to initiate a stroke or the when athlete's time expires from the shot clock.

If a athlete runs out of time, it will be a standard foul.

#### 4.3 Coaching

It is permitted for a athlete to receive advice from a coach during a time out. It is up to the referee and tournament management to set additional limits on this. The coach should not approach the table. If the referee decides that the coach is interfering with or disrupting the match, he may direct the coach to stay away from the match.

#### 4.4 Tapping of Tables

For all EPBF events the tables will be tapped. Athletes must never tap balls; only tournament officials should tap or re-tap (if needed) the racking area.

#### 4.5 Walkover

Athletes must be at the table and ready to play their assigned match at the appointed match time. If a athlete is late for his appointed match time, he will have fifteen minutes to report to his assigned table ready to play or he will lose the match.

It is recommended to announce after five minutes a first call for the athlete, after ten minutes a second call and after fourteen minutes a final "one minute" warning. A stricter requirement may be used for repeat offenders.

If an athlete is not present within 15 minutes following the official announcement of his/her match, this match will be forfeited.

Should this happen in the winner's bracket of a double elimination system, he/she will be placed in the loser's bracket. Otherwise such athlete is disqualified.

Should both athletes in one and the same match in the winner's bracket arrive too late, both of them will be disqualified since both of them cannot use the one and only existing spot in the loser's bracket.

#### 4.6 Replacement of the athlete

Following the draw an athlete can only then be replaced, should he/she turn ill.

Such replacement is only allowed to take place before the first round of the event, and the right to announce a substitute will first be given to the concerned NF.

Should the concerned NF not make use of this possibility, the Sports Director will, based on upon the ranking list from last EC, give this spot to the nation next on the list for free spots.

In the case that all spots from the ranking list from last year before are considered, the Sports Director draws all free spots between the nations which provide a move up. Only accredited athletes can be announced.

#### 4.7 Time-Out Regulation

One (1) time-out for each athlete is allowed per match, the length of the time-out is five (5) minutes. Athlete is allowed to take the time out only after informing the referee and make sure the referee marks the table for suspended play.

The time out at 8-ball and 9-ball 10-ball can be taken between racks, when play is suspended, the athlete can use his right for time-out only at any break. The opponent must remain seated as during normal play, if he decides to use his time-out in the same time no further time out will be allowed.

At 14.1, the time out begins between racks; and the athlete at the table may continue his inning should the opponent decide to take his time out. If the non-shooter takes a time out, he must make sure there is a referee to supervise the table during his absence; otherwise he has no right to protest against any misplay by the athlete at the table.

The athlete taking the time out should remember that his actions must be within the spirit of the game and if he acts otherwise, he is subject to a penalty under the Unsportsmanlike Conduct.

Reasons for an imposed penalty are: taking time out other than in between the racks, smoking or drinking alcohol during the time-out and late return after a time-out.

Penalties for such violations are as follows;

- In 14.1 - fifteen (15) points are awarded to the opponent and the three (3) consecutive foul rule comes into force.
- In 8-ball, 9-ball and 10-ball, a game/frame (current and/or next) is awarded to the opponent.
- Should an athlete violate this rule a second time, the athlete will be disqualified from the discipline and/or event.

#### 4.8 Unsportsmanlike Conduct

The rules and regulations give the referee and other officials considerable latitude in penalizing unsportsmanlike conduct.

Several factors should be considered in such decisions, including previous conduct, previous warnings, how serious the offense is, and information that the athletes may have been given at the Teamleaders Meeting at the start of the tournament.

#### 4.9 Three point rule

In order to avoid that athletes are using so-called “soft-breaks” that would allow increased control over breaks and allow advantages beyond what was foreseen when the 9-Ball discipline was introduced, the EPBF has decided to introduce special break rules. The following rules are to be seen as an addition to the WPA 9-Ball rules that otherwise are valid in all EPBF events (excluded from this rule: Wheelchairs and Girls):

##### 4.9.1 Additional demands for a satisfactory break:

At least three (3) object balls must either be pocketed or touch (see special notes below) the head string as a result of a break in order for it to be satisfactory. Any combination of the above (i.e. 1 object ball pocketed and 2 object balls touching the head string, or 2 object balls pocketed and 1 object ball touching the head string) is also satisfactory.

##### 4.9.2 Failure to meet additional conditions:

If an athlete fails to fulfil the additional demands, but is otherwise performing a legal break, the break is considered non-satisfactory and the following rules are to be followed:

1. If the 9-ball has been pocketed it shall be re-spotted before play is continued.
2. The opponent may choose either to accept the table as it is, or hand it back to the athlete that performed the break.
3. In case the opponent accepts the table as it is, he/she will not be allowed to perform a push-out.
4. If the table is handed back to the athlete that performed the break, he/she is allowed to perform a push-out. If a push-out is being played the opponent has the option to accept the table as it is, or again hand the table back.

##### Special notes:

- A. The WPA rules for 9-Ball are to be considered at all times, and the special 9-Ball break rules as described in the above are additions to these rules, valid for a tournament only when especially introduced.
- B. Whenever a break is legal according to the WPA rules, and the above additional demands for a satisfactory break (if in use) has been met, the athlete on is allowed to perform a push-out.
- C. In order to meet the additional demands for a satisfactory break, object ball(s) must not cross the head string. It is enough if any part of an object ball, as seen from above, is breaking the head string.

#### 4.9 Additional rules

EPBF Sports Director and Youth director have the option to make necessary additional regulations prior to the event. Additional changes must be sent out to the nations together with the invitation, two (2) months prior to the event.
